

The “past” is illustrated in the following and the two graphics at the end which you’ve seen before. Text also follows on the criminal elements that are evident in the treatment the powerful levels of government have inflicted on me, my family and my nominated beneficiaries. It is in the Nuremberg spirit that I remind the world that failing to “*put an end to the shameful tolerance of corruption*” is seen as a collective accountability, shared by elected and un-elected officials.

There has been no sign that the escapist bias inherent in the Economic Update and Business Summit has been redressed, and we are at this critical juncture:

True history of Albanese and Chalmers

There are dramatic differences between the actions of President Biden from even before his Inauguration in relation to devolving economic stimulus to the action levels, states and regions, and repairing the abuse of Covid protocols left by Trump (and Johnson & Morrison); and the Albanese Government’s and States’ inactions on Covid and critically urgent Fed and co-operative Budget repairs. It is now being reported, perhaps incorrectly, that the PM has told “National Cabinet” (a snide misnomer) and medical authorities that he does not accept medical advices on Covid. I explicitly take the opposite view as an historian and futurist of pandemics.

The dimensions have been mapped in detail, with the repairs referred to in the end graphics and following text described in four books and sydneybetrayals.me. The spirit is pro-Biden in most respects and definitely as vigorous back to the Morrison/ Frydenberg/ Kennedy regime as they are to me and Australia.

The consistent pattern of mistakes, thievery and deceit then slammed doors – arguably amounting to maladministration, will be triply confirmed if by

- Rejection of consideration of the National Council to repair political capriciousness in and neglect of Covid and related community resilience protocols, matched by ...
- The studied confirmation of waste, corruption, twisted priorities and incompetence reflected in the camouflage approach of Treasury to the chain of events leading to the October Budget, and
- Continuation of the moral and legal corruption Morrison and supporters/ appeasers inflicted on me, my family and my stated beneficiaries.

Here are substantive notes:

CRITICAL FAILURES BALANCE SHEET: LABOR & LNP BUDGET PERSPECTIVES 2007 – 2022

NB Every line has a webpage and/or book which contains details © RG

Refuse to consider options & “Repair” (OECD’s “Review”)	Chronic failure of all govts as part of sterilisation of Treasury Regs, “due diligence” & “rule of law”, cost in Sydney calculated at \$300 billion including future closure & reconstruction of current engineering catastrophes (ignored by ALP & LNP), future value of reversal put at c \$3 trillion using my IP. Kennedy been suppressing for 7 years (going on 8) my national infrastructure review (Eddo/Greiner/My methodology to reduce costs and corruption/ waster & meet climate change and demographic needs – benefits as stated – Treasury/Finance are playing in wading pools. Problem intrinsic to Albanese iA 2007 Act and the rorting which followed the bullying of Tanner.
National Bushfire -Risk Indigenous Landcare	8,000 Indigenous rangers fully trained and well-equipped at c 100 per 1,000 sq kms, in every major forest firepath. Held in © and available to Albanese if he expiates plagiarism & cruelty – landmark at national & international levels of fame, \$

<p>program + NRLW Indig team</p>	<p>billions in l/t avoided damage to life and property. Helps to “close the gap” and rejection is both an insult to the First Nations and residents of the fire zones and gross maladministration given the rising frequency and intensity of fires and floods (includes Air Force ownership of a fleet of super-helicopters to supplement rotor/fixed-wing assets in fires and floods).</p>
<p>Metros, Nancy Bird SSA & Aerotropolis</p>	<p>Neutered by WS City Deal and convoluted and disjointed set of metros – initially to reduce Berejiklian embarrassment at NW Metro’s failed economics (pick up Bradfield Main West), then laughingly react to my contemporary criticisms of consequential transit & freight damage across SW & Illawarra, the costs are absurd and loss of productivity put at \$400 b minimum. My balloon loop is ©. Perrotet falsified Budget papers to cynically hide my NW/ Bankstown metro cost savings that Berejiklian stole from me (c \$4 billion). West Metro limited to 20,000 pass/hour Vs Greiner/ Christie/ Gibbons option’s 40,000 and “world’s best” transit support to the Airport while maintaining freight potential to the Inland Rail which the metros sterilised.</p>
<p>Governance: national council & righteous blame + Re-Activation of Corona medicals</p>	<p>Governance is a blind spot for LNP & ALP. National Cabinet is a failure against legitimate expectations in March 2020; and replacement Council would re-activate medical influence in COVID, with Health system and personal damage benefits at massive scales over time. Righteous Blame relates to that but brings in Localism (regional innovation & “willingness to pay” among other benefits, cf <i>Creative Reconstruction of NSW Local Governance</i> (2010)). Appalling quality of National Cabinet performance is highlighted</p>
<p>Climate Mitigation & AUKUS</p>	<p>Both are connected through regional microeconomics such as my world-best methodology in Newcastle. Worth \$ trillions if applied as template across Australia & NZ, © comment above applies, Govt is delusional if it keeps ignoring best practice – in coal-mining areas, will fail in replacement employment, AUKUS is unlikely to work in competition with US, Indian and Asian competition (Biden is much smarter than Aus in this respect, he picked Morrison’s pockets.)</p>
<p>Expressnets</p>	<p>Using ARUP work with permission, careful applications mapped in innerwest and Bondi Beach precincts in Sydney and applicable in Vic, SA, WA and other congested/parking-stressed precincts</p>
<p>Goanna, CBD Traffic Oasis, Circumferential By-Pass, Transit Boulevard, etc</p>	<p>Only solution to Sydney’s core problems in its entire history, described by 2 ex D-Gs as “best idea in 100 years”. Incompetently sabotaged by the Black Witch. I added the 110-story Fireworks Tower on Glebe Island (only place it could go) after Berejiklian booted out Google for asking for Goanna to be built. UGNSW tried to steal it, their exec was sacked. Idiot Planning Minister trying to proceed without it, typical malice/ incompetence. Total yield to landowners (NSW/Fed Govts) - \$1 billion! Cost of Bridge minuscule and an adornment in the City of Bridges</p>
<p>High Speed Rail in a balanced regional model</p>	<p>PM Albanese started a detailed investigation of HST based on the CSIRO precedent study and without options. The results were appalling - about 10 years pre-construction, 30 years construction, and uncertain positions in relation to technology developments and undermining regional cities it would have to miss/by-pass. There were subsequent CLARA and Chinese ideas plus Fr TGV and Japanese Shinkansen possibilities. I developed an arguably more practical option, the “Mandurah” model I published it in every regional paper from Campbelltown to Shepparton, the Land and ABC Radio. Tim Fischer asked me detailed questions and agreed with me, from which point he endorsed neither HST nor CLARA (which was a Turnbull/Nats political scam). It would strengthen regional cities instead of undermining them. The concept has been offered to the PM gratis on condition he</p>

expiates the plagiarism and cruelty towards me, as with other elements. The goodwill period is near expiration.

Congestion Policy Framework

Flattened Turnbull and his Angus Taylor on their “Bustin’ Congestion” PR crap. Add unique solutions to 2 Katoomba traffic snarls and to insane location of WestConnex linking at City West. Value is \$ millions p.a.

Eastern Seaboard Rail Freight Strategy (2012) & Critical Port Failures

All three NSW Ports are location-constrained yet misunderstood by local MPs and regional business chambers all the way through to national logistics lobbies and associations. This is not complex: National Rail is sub-economic and technically insolvent (revenue seems to be 10% of financial costs-only) but is increasingly isolated from the main freight attractors and generators. Port logistics consultancies heavily biased = marketing tools. Prof Rob Lee and I copyrighted the route from Newcastle to Inland Rail – Port refused to deal but is trying to steal the IP.

Vic Improvement Ideas

Different ideas in Marysville, Mornington Peninsula, the Shepparton-Tocumwal pure renewables train (with Tim Fischer) etc – no govt interested in Outsiders due to rejection of and now ignorance of proper protocols and best-practice case studies

Duress

Criminal Code 1995: Duress excuses a person who is compelled to commit an offence by threats. Chapter 2 abrogates many of the common law restrictions on the defence.²⁵⁶ Unlike the common law, the Code does not limit duress to circumstances involving a threat of death or serious injury. There is no restriction on the nature of the threatened harm.

I had a continual feeling of duress, that I would suffer permanent illness through to death, as happened in Corowa although saved by immediate medical intervention, if my assets were knowingly withheld still without justification by governments.

Discrimination, unethical	Grounds are well-known – but the graphic poses the question of \$50 million each to cronies and \$1 million p.a. to Kennedy v starving me, is eloquent enough.
Bullying	<p>Human Rights (NB Labor has a formal policy which they breach in my view): Bullying is also prohibited by the <i>Fair Work Act 2009</i> (Cth). The Act defines bullying as ‘repeated unreasonable behaviour towards another person or group which creates a risk to health and safety.’</p> <p>That behaviour is refusing to discuss or conciliate the false withholding of my assets by governments and especially now PM&C and 14 years of such behaviour by LNP politicians and the RTBU.</p>
Malfeasance	<p>The state of mind required was described by Brennan J in <i>Northern Territory v Mengel</i> [1995] HCA 65; (1995) 185 CLR 307 (Mengel) as follows (at 357):</p> <p>“The mental element is satisfied when the public officer engages in the impugned conduct with the intention of inflicting injury or with knowledge that there is no power to engage in that conduct and that that conduct is calculated to produce injury. These are states of mind which are inconsistent with an honest attempt by a public officer to perform the functions of the office. Another state of mind which is inconsistent with an honest attempt to perform the functions of a public office is reckless indifference as to the availability of power to support the impugned conduct and as to the injury which the impugned conduct is calculated to produce.”</p>
Conspiracy	<p>Criminal Code 11.5 Conspiracy</p> <p>(1) A person who conspires with another person to commit an offence punishable by imprisonment for more than 12 months, or by a fine of 200 penalty units or more, is guilty of the offence of conspiracy to commit that offence and is punishable as if the offence to which the conspiracy relates had been committed.</p>
Harassment	<p>Australian Human Rights: “Harassment can be against the law when a person is treated less favourably on the basis of certain personal characteristics, such as race, sex, pregnancy, marital status, breastfeeding, age, disability, sexual orientation, gender identity or intersex status.</p> <p>ALRC: no general provision under Criminal Code for harassment but “A serious invasion of privacy may often also amount to harassment. Harassment involves deliberate conduct. It may be done maliciously, to cause anxiety or distress or other harm, or it may be done for other purposes. Regardless of the intention, harassment will often cause anxiety or distress. Harassment also restricts the ability of an individual to live a free life.</p>
Intimidation	<p>Section 31 of the Crimes Act makes it an offence, punishable by a maximum of 10 years imprisonment, to intentionally or recklessly send or deliver a document threatening to kill or inflict serious bodily harm on any person.</p> <p><i>Meller v Low</i> (2000) – “to render timid, to inspire with fear, to overawe, to cow or to force to or deter from some action by threats or violence inducing fear”</p>
To unlawfully confine, detain	<p>The Criminal Code has conditions regarding total physical restraint. While in Albury Base Hospital medical staff discussed the reasons for my health conditions and advised most strongly that my enforced 6 years in tents constituted dangerous health risks. The malevolence of LNP and RTBU officials, now extended by ALP officials, is equivalent to confinement in my belief.</p>

Corrupt Conduct ICAC: “The NSW community expects public officials to perform their duties with honesty and in the best interests of the public. Corrupt conduct by a public official involves a breach of public trust that can lead to inequity, wasted resources or public money and reputational damage”.

Maladministration NSW: Maladministration is defined in the Public Interest Disclosures Act 1994 as "**conduct that involves action or inaction of a serious nature**" that is: contrary to law; or. unreasonable, unjust, oppressive or improperly discriminatory; or. based wholly or partly on improper motives.

What is the prohibition on torture and cruel, inhuman or degrading treatment or punishment?

For an act to be prohibited as torture, it must involve severe pain and suffering, it must be intentionally inflicted, and it must be inflicted for a purpose referred to in the definition in the Convention against Torture and Other Cruel, Inhuman or Degrading Treatment or Punishment (CAT)....

Conduct not meeting the threshold of torture may be regarded as cruel, inhuman or degrading treatment or punishment ('ill treatment').

As a party to CAT, Australia is obliged to take effective legislative, administrative, judicial and other measures to prevent acts of torture in any territory under its jurisdiction.

Australia is also obliged to prevent conduct not meeting the threshold for torture but that may be regarded as other acts of cruel, inhuman or degrading treatment or punishment in any territory under its jurisdiction.

Accordingly, no legislation, policy or program should permit the infliction of torture or cruel, inhuman or degrading treatment or punishment.

Torture is criminalised in Australian law and acts of cruel, inhuman or degrading treatment are covered by a range of offences in existing Commonwealth, state and territory legislation.

I have not added the usual gallery of my and others' tweets which I'll save for later.

The Past, to which can be added the backdoors built into iA after the ejection of Lindsay Tanner and the subsequent rorting which was exposed by ANAO as involving several then and still serving ministers:

	2008 to 2012/3	2015 to 2019	2019 - 2022	2022	Future
	Budgets for Needs > Gifting to Family & Friends > Gifting & Rorting > Budgeting to avoid criticism > Avoid Budget Reform				
Budgets	Strong inheritance but GFC stressed all govts. iA set up as gifting contra to Tanner. Baird/ Gaetjens distorted NSW Budget Funds, probity X	Truss (Nats) further subjugated iA, pushed Inland Rail w/o merit, Berejiklian 2017 Budget hidden nasty – debt will harm Health/Education	Chaos re compens'n for fire victims, water bomber malice, corona responses & stimuli, sloppy amounts/debt re Budget blow-outs. Climate lies X, OECD ✓	Election campaigns ignored corona and climate Budget options & better outcomes. Labor pro-2030 targets but wants more carbon projects. No "repair"	Chalmers rejects Budget reform re climate & demographic responsiveness/ reduce waste & corruption. 2 CEOs kept on despite poor performances. Tried to cut preventatives X
Ethics / Probity	2008 Baird stole Nth Beaches BRT scheme, Berejiklian promised no metros but in 6/12 lied > chaos over tunnels, forced changes, crowd overloadings at Chatswood, crisis-thinking into expensive band aids, Albo/iA weak in response, Berejiklian progressively destroyed Goanna ("best idea in 100 yrs") & port planning	Turnbull lied re "bust congestion", Kennedy WS City Deal damage (c \$400 b), he suppressed 2015-6 Budget reform re climate/demographic changes, Parra tram gift to Mrs Turnbull who wrecked housing affordability. Berejiklian malice to tram-inflicted communities. Cruel forced RG homelessness re denied payment for plagiarisms	Morrison mayhem, stole RG "public affairs" reports, bushfire & corona erraticism, panicked over Budget/MYEFO, Kennedy refused Budget reform and confused corona economics, ALP wrongly endorsed WS Metros which damage freight, transit & employment re-balancing/reducing congestion. Albanese appeased Morrison over 6 critical aspects	Labor suppressed Budget reform, continued loose corona thinking, all misled by Kennedy. Suppressed community resilience in face of professional angst over loss of direction in corona programs. ALP + LNP refuse ethical treatment of plagiarism even though Albanese promised integrity including "end shameful tolerance of corruption".	No reform to corona and Budget, Economic Update / Summit lacked punch of Newcastle fast & effective results, Kennedy designed Summit to suppress corona/climate economics, ethics and OECD's reduce waste/debt to focus hard on new economy challenges. Very unhappy prospects for 2022 Budget which already has LNP-type delays

The campaign to purge and repair the damage caused by a long period of governmental corruption must continue to the point of restoring Integrity and Fairness:

Two Weeks to avoid another year of decay & neglect

CULTURE

- Brutal treatment & revenge
- Suppression of better ideas
- Rorts & gifts to cronies
- Nepotism especially to dept heads
- iA and iNSW embedded in IPA/BCA culture & unreliable and marginalised
- Eliminate options, engagement, analysis, no OECD "repair" loops

REALITY

- Hopeful
- Disappointment, dept heads ...
- TEALs & Independents sidelined
- Immigrants, Morrison malevolence continued - worrying through to resented
- Govt inclined towards Thodey
- Govt's Economic Update, Summit and Budget processes excluded the key priorities advertised in professional form in advance, thereby invalidated

OUTCOMES & TARGETS

- Climate budget for regional application of Newcastle NSIP
- Corona budget to revive medical leadership in Corona protection – National Council
- Funding for development within 4 months of framework for national Indigenous bushfire risk reduction program in place by Feb/March 2023
- Immediate development of framework for co-operative national template for infrastructure review to include climate & demographic change, and to reduce rorts, corruption & gifting to carbon & other corporates

Ignored ~

- Four pioneering books on Corona economics & health, deceit of world climate leaders, time slice Oct '20, governance
- Unique proposals for bushfire, governance ("National Council") and Integrity improvement – desperately needed by the community but denied by a continuation of silo groupthink

The campaign for fairness must continue as the long "conspiracy to defraud" must be countered, but the Value Proposition becomes an iron fist in a velvet glove if the PM delays supplementing the Budget with the elements in the box at top right. It can be done if

The choices have already been stated. We need a Great Wyrn to aid us. My reality is that I proceed with circulation and articulation of my position until I have the required proofs that fairness has arrived. This will be posted in due course if necessary. Again, let us pray that commonsense and common decency will prevail.
